

115th Street & Indiana Harbor Belt Grade Separation

January 2022

SCOPE OF WORK

The project will consider eliminating the at-grade crossing of 115th Street and the two Indiana Harbor Belt Railroad (IHB) tracks. This will be accomplished by creating either an overpass or underpass for vehicles at this location.

BENEFITS

Approximately 10,000 vehicles pass through the crossing daily. 115th Street is a primary arterial roadway and this project will reduce roadway congestion and improve safety at this location. The grade crossing separation will eliminate delay to over 1,200 vehicles daily, resulting in alleviation of over 9,600 annual motorist hours of delay. It will also eliminate the potential for collisions between vehicles and trains.

Location

115th Street between
S. Leamington and
Cicero Avenues
Alsip, IL

Daily Trains Affected

80 Freight Trains

Communities Benefited

Alsip, IL
