5th Avenue and Union Pacific Grade Separation

SCOPE OF WORK
The project will consider eliminating the at-grade crossing of 5th Avenue and two Union Pacific Tracks on which Metra also operates commuter service. This will be accomplished by creating either an overpass or underpass for vehicles at this location.

BENEFITS
Daily, 8,600 vehicles and 66 Pace buses (#331) pass through this crossing. This project will reduce roadway congestion and improve safety at this location. The grade crossing separation will eliminate delay to nearly 1,200 vehicles daily, resulting in alleviation of over 7,200 annual motorist hours of delay. It will also eliminate the potential for collisions between vehicles and trains.

Location
5th Avenue north of St. Charles Road
Maywood, IL

Daily Trains Affected
52 Freight Trains
58 Metra Trains

Communities Benefited
Maywood, IL
